Conference Brochure

WELCOME MESSAGE

Dear Friends,

Greetings from the Pink City of India!!!

The organizing committee of ISiEM 2024 extends warm invitation to all friends and their families for the 7th National Conference of Indian Society for Inborn Errors of Metabolism to be organized at Rajasthan International Centre, Jaipur - the pink city of Rajasthan.

Conference is the best platform to showcase the latest developments, research and innovations done by our esteemed fraternity colleagues and to raise awareness about Inherited Metabolic Disorders among healthcare providers. The scientific sessions by renowned international and national faculties will highlight and provide insights about the latest developments and achievements in the field of Inherited Metabolic Disorders.

Jaipur, popularly known as the "Pink City," is the capital city of the state of Rajasthan in India. It is one of the most vibrant and historically rich cities in the country, renowned for its majestic forts, palaces, vibrant culture, and bustling markets and has established itself as one of the premium tourist destinations in India. We Rajasthani believe in "अतिथि देवो भव" and with our impeccable track record of organizing national and international conferences with meticulous planning and flawless execution, we assure a grand show of academics, fellowship, and trademark Rajasthani hospitality.

We are looking forward to welcoming you to ISiEM 2024 at Jaipur, Rajasthan.

Warm Regards,
Team ISiEM 2024

ABOUT INDIAN SOCIETY FOR INBORN ERRORS OF METABOLISM

Inborn errors of metabolism (IEMs) refer to a group of genetic disorders that result from defects in various metabolic pathways within the body. These disorders typically involve enzymes responsible for breaking down substances like carbohydrates, proteins, and fats, or transportation of essential molecules within cells. When these enzymes are deficient or non-functional due to genetic mutations, it can lead to the accumulation of toxic substances or the deficiency of essential molecules, causing a wide range of symptoms and health problems.

The Indian Society for Inborn Errors of Metabolism (ISiEM) is a professional organization dedicated to advancing the understanding, diagnosis, treatment, and research of inborn errors of metabolism (IEMs) in India. It serves as a platform for healthcare professionals, researchers, patients, and caregivers involved in the management of IEMs to collaborate, share knowledge, and promote awareness about these disorders.

ISiEM is crucial in advocating for improved screening, diagnostic techniques, and treatment protocols for IEMs within the Indian healthcare system. It also fosters research initiatives to better understand these disorders' epidemiology, genetics, and clinical management.

Through conferences, workshops, publications, and educational initiatives, ISiEM contributes to the professional development of healthcare providers and promotes best practices in diagnosing and managing IEMs. Additionally, it provides support and resources for patients and families affected by these rare genetic conditions. By raising awareness about IEMs among healthcare professionals, policymakers, and the general public, ISiEM helps to improve early detection, access to specialized care, and overall outcomes for individuals living with these disorders in India.

THEMES OF THE CONCLAVE

Scientific Highlights

- Neurometabolic Disorders
- Neurodegenerative Disorders
- Neurotransmitter Disorders
- Metabolic Liver diseases
- Lysosomal Storage Disorders
- Mitochondria Disorders
- Newer Therapies for Inborn Errors of Metabolisms
- IEM - Special Situations

Workshop Highlights

- Workshop on Basics of IEM: How to Recognize & Diagnose
- Lab Diagnosis of IEM
- Dietary Management of IEM
- NBS- Follow-up & Management

Interesting case Presentations by PG Student

Showcase unique and thought-provoking clinical scenarios that highlight diagnostic challenges, innovative treatments, and lessons learned in patient care. These case studies provide a platform for P.G. students to share their clinical experiences, problem-solving skills, and research findings with their peers and senior colleagues.

Oral Paper / E-Poster Award

The aim of an Oral Paper / E-Poster Award at a medical conference is to recognize and reward excellence in scientific research. This award encourages researchers to effectively communicate their findings, promotes innovation in the field of medicine, and fosters professional development among participants.

PG Quiz

Postgraduate quizzes aim to bridge the gap between theoretical knowledge and its practical application. Questions may require students to demonstrate how they would apply theoretical concepts to real-world problems or situations.

Public Awareness About Rare Diseases

Marathon 3000 meters

Raising awareness about rare diseases is essential for improving diagnosis and treatment, advancing research efforts, empowering patients and families, educating healthcare professionals, and advocating for policy changes to better support individuals affected by these conditions.

REGISTRATION TARIFF

Category		Early Bird upto 31.05.2024	01.06.2024 to 31.07.2024	01.08.2024 to 15.09.2024	Spot
Members (ISIEM)	<input type="checkbox"/>	₹ 5000	₹ 6000	₹ 7000	₹ 8000
Non-Members	<input type="checkbox"/>	₹ 6000	₹ 7000	₹ 8500	₹ 10000
Accompanying Delegate	<input type="checkbox"/>	₹4500	₹ 5500	₹ 6500	₹ 7500
PG Student / Resident	<input type="checkbox"/>	₹ 4000	₹ 5000	₹ 6000	₹ 7000
Dietician / Genetics counselor	<input type="checkbox"/>	₹ 4000	₹ 5000	₹ 6000	₹ 7000
International Delegates	<input type="checkbox"/>	USD 150	USD 200	USD 250	USD 300
Workshop (Any One)	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/>	₹ 2000	₹ 2000	₹ 2500	₹ 3300
Workshop	6 <input type="checkbox"/>	Complimentary for all with Conference Registration			

*Above registration fee inclusive of GST (18%)

ISIEM EXECUTIVE COMMITTEE (2023-2026)

Dr. Seema Kapoor
(President)

Dr. Sujatha Jagdeesh
(Vice President)

Dr. Sunita Bijarnia
(Secretary)

Dr. Neerja Gupta
(Treasurer)

Dr. Chaitanya Datar
(Joint Secretary)

Dr. Alpa Dherai
(Joint Treasurer)

Dr. Usha Dave
(Nominated)

Dr. Jayesh Sheth
(Nominated)

Dr. Madhulika Kabra

Dr. Anil Jalan

Dr. Ratna Puri

Dr. Mamta Muranjan

Dr. Priyanshu Mathur

Dr. Seema Thakur

Dr. Vinu Narayan

Dr. Suvarna Magar

ORGANIZING COMMITTEE

DR. J.K. MITTAL
(Organizing Chairman)

DR. PRIYANSHU MATHUR
(Organizing Secretary)

DR. LOKESH KUMAR AGRAWAL
(Treasurer)

ATTRACTIONS OF RAJASTHAN

Rajasthan's beautiful 'Pink City' Jaipur, was the stronghold of a clan of rulers whose three hill forts and series of palaces in the city are important attractions. Jaipur got its name "The Pink City" when, in 1876, Maharaja Ram Singh had most of the buildings painted pink which is the color of hospitality. Jaipur's bazaars sell items for which Jaipur is famous for and include textile (embroidered, sanganeri print and bandhej-"tie and dye"), Jaipuri Kurti, Jaipuri shoes (Juti), Jaipuri Rajai (quilt), jewellery (Kundan, theva and meenakari), semi-precious stones, blue pottery and other exotic wares. Western Rajasthan itself forms a convenient circuit, a part of famous golden triangle and remains an attraction for tourists across the globe. Jaipur offers an experience of its cultural heritage, unique architecture and warm hospitality as summed up in its tagline "Padharo mhare desh".

ABSTRACT SUBMISSION

Abstract Submission to the 7th National Conference of ISIEM - ISIEM 2024 is open until August 15, 2024. We look forward to receiving your work in the field of Inborn Errors of Metabolism under following 2 categories:

1. Oral papers
2. E-posters
